FOOD....FESTIVALS....FUN!!!

Here's hoping everyone had a safe and happy Easter. We enjoyed our few days off, camping with friends down at the creek, and catching up with family. With Cooby Dam flowing over the spillway at regular intervals, our campsite has been underwater quite a few times, but with a bit of tidying up and shifting of debris and silt, it once again became our place of peace and serenity.

The fish were on the bite too, and the boys were excited to catch a range of yellowbelly, jewfish and bass. Kieren also attempted a "turducken" for our camp oven roast this year (a chicken inside a duck inside a turkey) and it was amazing! A busy few months ahead with lots of events on—The Felton Food Festival on April 14, the Geham Trail Ride on 20/21 April (which incidentally

rides through our property), the Goombungee Show on 27th April, and the Meringandan Rodeo on 11th May—all of which will be showcasing our top quality meat!

FESTIVAL FUN @ FELTON

On Sunday 14th April, Bannock Brae Meats will head to Felton for the annual Felton Food Festival. Sounds like a fabulous day

out for foodies, with celebrity chefs and plenty of fresh food options. We will have product for sale as well as tastings throughout

the day. Why not join us, come and say hi and experience the fresh food of Felton and surrounds. See you there!

WELFARE INTEGRITY NO.1 PRIORITY

At Bannock Brae Meats, we make choices that give you, as the consumer, peace of mind, especially when it comes to the welfare of animals. Our cattle lead quite a charmed and peaceful life in beautiful surroundings while they are in our care. They are fed well and are handled in a quiet, stress-free manner. Likewise, our lambs. The pigs we source are from small local producers and are grown in stall-free environments. And our chicken is free range too. We were upset to watch a story recently on 60 Minutes

about the way many supermarket chickens spend their short lives.

We can sleep at night knowing that the meat we are providing to our customers comes from animals whose welfare was Number 1 priority all of their lives.

A word on our chickens—

Recently we were disappointed to hear that our original supplier Puzzling Gully had ceased production. Our chickens are now supplied by Dakota Vale Farms in Gympie. They are

In tip-top condition—our priority free-range, antibiotic and hormone free and taste amazing. Yes, a little more expensive than the super - markets but well worth it. Our chicken is supplied in batches and therefore is available fresh the week it arrives and trayed and frozen at all other times.

DOWN ON THE FARM.....

Such beautiful rain to start the year! The cattle are grazing in grass up to their bellies and are most contented. Our sorghum crop is transforming into a gorgeous orange glow across the

paddocks and harvest time will be here in no time at all! We are enjoying the mild weather, knowing that the first frost is just around the corner!

PROGRESS REPORT....

Tim, our young butcher-in-training, is making great progress. He is now mastering the skill of roast and brisket rolling, the art of corning various meats, and is busy studying his theory units. Our web designers at Quadtech are working hard

to have our new website up and running in the next few weeks. We know you are going to love it, especially the new shopping cart-type facility aimed at making ordering easier for you. Until next time,
The team @ Bannock Brae
